Kolkata, WB | (+91) 9330902810 | aradhyaray05@gmail.com | www.linkedin.com/in/rayaradhya | <https://github.com/AradhyaRay05>

EDUCATION

B.Tech. CSE, The Neotia University, Diamond Harbour, WB

Expected July 2025

Cumulative GPA: 9.04 /10.00

Specialization: Artificial Intelligence & Machine Learning

Relevant Subject: Data Structures and Algorithms, Object-Oriented Programming, Machine Learning, Operating Systems

TECHNICAL SKILLS

Languages: Python, JavaScript, Java

Software and OS: Visual Studio Code, Jupyter Notebook, Git, Linux, Vim

Additional: React, AWS, HTML, CSS, SQL Workbench, Data Visualization, Predictive Analysis

Certifications: Microsoft Azure Machine Learning, Digital Transformation with Google Cloud

PROFESSIONAL EXPERIENCE

➤ **Edunet Foundation, Web Development Intern, Remote, India**

Aug '25 – Sep '25

- **Quizora – AI-Powered Quiz Generation Platform** – Developed a full-stack web application that dynamically generates topic-based quizzes using large language models, enabling users to create interactive assessments and improve learning through AI-driven question generation.

- Designed and implemented the system using React.js, Node.js, Express.js, and MongoDB, integrating multiple AI models for quiz generation and building an interactive interface for creating, storing, and retrieving quizzes efficiently.

➤ **Xeta Labs Pvt. Ltd., AI & Machine Learning Engineering Intern, Remote, India**

Jun '25 – Sep '25

- **Contextual Autocomplete & Sentence-Completion Model** – Developed an NLP-based model that provides real-time word, phrase, and sentence suggestions, pausing after full stops and resuming as the user types again.
- It generates variable-length completions through fine-tuned language modeling – Python, Natural Language Processing (NLP), Transformer models, Hugging Face, TensorFlow.

➤ **Edulyt India Pvt. Ltd., AI & ML Intern, Remote, India**

May '25 – June '25

- Performed data cleaning and transformation on a credit banking dataset using Python, identifying key customer segments and calculating interest metrics.
- Applied feature engineering and validation techniques to prepare data for machine learning; gained hands-on experience with Pandas and scikit-learn.

➤ **Edulyt India Pvt. Ltd., Data Analyst Intern, Remote, India**

June '23 – Sep '23

- **Banking Data Cleaning & Business Insights Dashboard** – Implemented data validation and preprocessing techniques to clean and structure raw financial datasets, ensuring accurate and reliable data for analysis.
- Performed analytical visualization to examine revenue, discounts, orders, payment methods, and return patterns, generating actionable insights – Python, Pandas, NumPy, Excel, Data Analysis, Data Visualization.

PROJECT EXPERIENCE

➤ **SmartCropAdvisor – Crop and Fertilizer Recommendation System using Machine Learning**

- Developed a Crop and Fertilizer Recommendation System using Machine Learning, achieved **99%** accuracy.
- It recommends crops and fertilizers based on soil analysis and environmental conditions (N, P, K, temperature, humidity, pH, rainfall) - **Python, Pandas, NumPy, Matplotlib, Seaborn.**

➤ **Credit Card Fraud Detection Using Machine Learning**

- Designed and implemented a credit card fraud detection system using **Decision Tree** and **Logistic Regression** algorithms, achieving **92%** accuracy.
- The model effectively detects fraudulent transactions, reduces false positives by **25%**, and enhances overall transaction security.

➤ **FruitSense-ML – Fruit Freshness Detection using Machine Learning**

- Developed a machine learning model to classify **fruits as fresh or rotten** using **image-based classification**, achieving **95%** accuracy on the test dataset.
- Implemented data preprocessing, feature extraction, model training, and visualization for performance analysis – **Python, Machine Learning, Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn.**

ACHIEVEMENTS

- Selected for the **Grand Finale of Smart India Hackathon (SIH) 2025.**
- Won 1st Prize in the **Quiz Competition** organized during the National Education Day Celebration.
- Achieved **2nd Place** in the Software Hackathon at **PAIKALPANA 2K25**, The Neotia University's annual tech fest.
